- "Off the Shelf" supply
- Logistics
- Warehousing
- PX Shops
- Catering
- Waste Management
- Low Cost Turnkey Camp Supply

Specification

BACKGROUND

G3 Systems & IAP Worldwide Services has many years of experience delivering, servicing and maintaining military camp infrastructure. From the delivery of accommodation hardware, the provision of food to the collection of waste, all forms part of the G3 Systems camp capability solution provision. Recent history has shown that the key essentials of initial camp provision for both military operations and disaster relief require guaranteed fast reaction, delivered on time and to the highest specification. Major considerations such as logistic supply chains must be set up and considered in advance to ensure continued and safe resupply.

- G3 Systems & IAP Worldwide Services have proven this capability time and time again from the Balkans to East Timor, Afghanistan and latterly in Iraq.

THE OBJECTIVE

- To have all essential camp material ready for dispersal through existing stock or rapid procurement.
- To have a reliable and alternative strategy to support military plans for accommodation during peace-making and peacekeeping missions.
- To rapidly deploy, construct and refit camp facilities.
- Provides facilities during deployment with personnel, and Tier 1 facilities "off the shelf".
- To dismantle, recover and place the camp material in storage depots to keep on standby for new missions (customer cost reduction).

CAMP INFRASTRUCTURE

From a massive range of standard off the shelf products G3 Systems can fully furnish complete camp facilities in the shortest of timescales. This includes site surveys, ground works, delivery and erection of the complete camp plus the setup of all logistic support services. Support for these operations comes from a range of preferred suppliers and teaming partners. Providing a worldwide network of experience and skills to call upon at a moments notice.

EQUIPMENTS INCLUDE
